LB 339, 341

licensed. Already this year we have been asked to license lie detector operators, we have been asked to license property security guards, we have been asked to license other industries and I am sure those requests are going to continue and I think we ought to put people on notice that we don't particularly like doing that and they have a heavy burden to carry and I would suggest that we pass this resolution today. Thank you, Mr. Speaker.

SENATOR GEORGE: I call for the question please.

SPEAKER MARVEL: The question has been called for. Do I see five hands? All those in favor of ceasing debate vote aye, opposed vote no. Record.

CLERK: 27 ayes, 0 nays to cease debate, Mr. President.

SPEAKER MARVEL: Debate is ceased. Senator Wesely, do you wish to close?

SENATOR WESELY: I will keep it brief. Senator Keyes says that he would vote with me if I'd cut it off short and I am sure that is the feeling of the body so all I will say is that it really isn't the ogre that some members have said it was. It is just setting some questions down in a resolution that you can use or not use. It puts the burden of proof on the groups that want to get licensed. It is antibureaucratic and I think that it is something you can support.

SPEAKER MARVEL: All those in favor of the adoption of LR 339 vote aye, opposed vote no. Have you all voted? Last time, have you all voted? Record the vote.

CLERK: 12 ayes, 21 nays on the adoption of the resolution.

SPEAKER MARVEL: Motion lost. LR 340.

CLERK: Mr. President, Senator Pirsch would like to lay over 340 and we will do the other one in a little bit. Okay? I think that is the best way to handle it.

SPEAKER MARVEL: LR 341.

CLERK: Mr. President, LR 341 found on page 1836 introduced by Business and Labor. Read. It is on page 1836.

SPEAKER MARVEL: Senator Maresh.
